Portfolio: portfolio-site-eight-eosin-68.vercel.app

PROFESSIONAL SUMMARY

Computer Science and Engineering student at BUBT pursuing a career in web development, with a technical foundation in JavaScript, TypeScript, React, and Next.js. Interested in building web applications and improving my skills through practical projects, including a React-based technology stack builder and a personal portfolio website.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript

Frontend Development: HTML, CSS, React, Next.js

Styling: Tailwind CSS, DaisyUI

Tools and Version Control: Git, GitHub

PROJECTS

DevStack – Developer Technology Stack Builder | React, JavaScript, Tailwind CSS, DaisyUI, Vite

GitHub: github.com/mahbubalamabid/DevStack-Project | Live Demo: dev-stack-project-xi.vercel.app

- Built a React web interface for exploring development technologies across categories such as frontend, backend, databases, and development tools.
- Implemented interactive technology selection and removal using React state, with duplicate-selection prevention and a clear-all function.
- Loaded technology data from a JSON resource and added user feedback notifications with React Toastify.

Personal Portfolio Website | React, Next.js, TypeScript

Live Site: portfolio-site-eight-eosin-68.vercel.app

- Developed and deployed a personal portfolio website to showcase my profile and web development work, using React, Next.js, and TypeScript.

EDUCATION

Bangladesh University of Business and Technology (BUBT)

B.Sc. in Computer Science and Engineering (CSE) – Currently pursuing, Fourth Year

2023 – 2027 (Expected graduation: 2027) | CGPA: 2.70 / 4.00

LANGUAGES

Bangla, English (Intermediate)
